

No ifs no buts, no education cuts

No cuts, no fees, no corporate universities
No cuts, no fees, education should be free

Tony Abbott get out,

we know what you're all about,
cuts, job losses, money for the bosses

When education is under attack,

What do we do?
Stand up, fight back

They say warfare, we say welfare

Warfare,
welfare,
warfare,
welfare

They say cut back, we say fightback

Cut back
Fight back
Cut back
Fight back

Bullshit, come off it,

Our education is not for profit

Tony Abbott, fuck you, we deserve a future too!

The students united, will never be defeated.

we wont pay, no we wont pay.

We demand our living wage
Education is a right ,Not a privilege.
We won't pay, no we won't pay
